Biomedical Technician Workshop Spare Parts and Tools

Description	Picture
General Spare Parts	
Power cables	
9V batteries (*Rechargeable*)	
AA batteries	
AAA batteries	
Fuses (*Various*)	

Description	Picture
Glucometers	
Batteries	
Pulse Oximeters	
Neonatal sized pulse oximetry probe (*reusable, clip*)	
Neonatal sized pulse oximetry probe (*reusable, wrap*)	
Recharger for batteries	

Description	Picture
Radiant Warmers	
Temperature probe	
Circuit board (*main control*)	Circuit board (*heating element)*	
Description	Picture
Power supply unit	LCD	Heating Element	Ceramic Quartz

Description	Picture
Incubators	
Circuit board (control)	
Heating element	Temperature probe	
Fan	

Description	Picture
Control panel (*membrane or LCD*)	

Description	Picture
Oxygen Cylinders	
Pressure regulator	
Stop valve	
Cap	

Description	Picture
Pressure gauge	
Flowmeter	
Pigtail with Safety Wire	

Description	Picture
Oxygen Concentrators	
Flowmeter	
Circuit board (*control*)	

Description	Picture
Circuit board (*oxygen monitoring*)	
Circuit board/step down transformer (*fan*)	
Fan	
Solenoid valves (4-way)	Solenoid valves *(equalization*)	

Description	Picture
Molecular sieve beds	
Power supply unit	
Intake Filter (*internal, fine particle*)	Intake Filter (*external, gross particle*)	

Description	Picture
Reservoir tank	
Muffler with exhaust filter	
Compressor	
Compressor rebuild component	
Description	Picture
Starting capacitor	
Oxygen Flow Splitters	
Flowmeter	
Suction Pumps (portable, electrical with accessories)	
Pump assembly	
Description	Picture
Vacuum gauge	
Filter (bacterial)	
Collection reservoir	
Collection reservoir lid	

Description	Picture
Power supply unit	
Suction Pumps (manual, non-electric power dependent)	
Piston assembly	
Vacuum gauge	

Description	Picture
Filter (bacterial)	
Collection reservoir and lid	
Description	Picture
LED Phototherapy Lights	
Circuit board *(control)*	
Description	Picture
Power supply unit	
LED driver/circuit/module	
Control panel (membrane or LCD)	Fluorescent Phototherapy Lights	
Fluorescent bulb	

Description	Picture
Power supply unit	
CPAP Driver System (Standard or Bubble CPAP) with Accessories	
Pump assembly	
Filter (internal, pump)	Flowmeter	

Description	Picture
O-ring	
Power supply unit	Tools	
Digital Multi meter, digital, LED, with accessories; comparable or similar to Fluke brand piece	
Penlight torch piece	

Description	Picture
Pocket magnifier piece	
160 mm combination pliers (*heavy duty*) piece	
Junior hack saw and blade piece	
Hammer, soft-faced; 1 lb. piece	

Description	Picture
Hammer, ballpein; 1 lb. piece	
Soldering station with iron; 240 Vac, 300- 500 watts	
Soldering wire	
Soldering tip cleaner (*solution or wire sponge)*	

Description	Picture
Desoldering pump or sucker	
Solder braid wick	
Imperial hex (*Allen*) key set	
Tape measure; 3 meters; metal, metric piece	

Description	Picture
Metric hex (*Allen*) key set	
Parallel tip screwdriver; 6 x 3/16 in. piece	
Flared screwdriver; 4 x ¼ in. piece	
Diagonal cutter; 130 mm heavy duty piece	
Description	Picture
Straight tweezers piece	
Polycarbonate brass trimmer set (*7 items*)	
Insulated inspection screwdriver (*165 mm)* piece	
Offset blade screwdriver (2 x 6 mm) pieces	

Description	Picture
Adjustable wire stripper/crimping tool combination; 0.25 to 0.8 mm piece	
Terminal screwdriver piece	
1.5 mm slot screwdriver piece	
2.5 mm slot screwdriver piece	
Description	Picture
Combination spanners	
Reversible screwdriver (No.1 and ¾ in. Blades) each	
Engineer's files; wooden handle; hand, square, warding, half round, round, and three-square in plastic wallet set	
Torx (Tx 8, Tx 10, Tx 15 and Tx 20)	
Description	Picture
1.5 mm and 2.5 mm ball end drivers	
Snap ring pliers	
1.5 mm and 2.5 mm nut driver	
Ratchet wrench and sockets	

Description	Picture
Bevelled cutter; 4 in. piece	
Small snipe-nose pliers piece	
Interchangeable Jeweler's screw drivers with 3 flats and 2 crosshead bits set	
4 in. and 6 in. adjustable spanner each	

Description	Picture
150 mm utility pliers (heavy duty) piece	
Snap-off blade knife piece
